

OUR REPUTATION

“E.H. BUTLAND CORP. is a specialist in medical construction, and is one of California’s foremost healthcare facility contractors.”

“All of E.H. BUTLAND CORP. team members are professional, competent, detailed orientated and easy to work with.

OUR HISTORY

Founded in 1966, E.H. BUTLAND CORP. began in the real estate development business constructing single family tract houses, townhouses, apartments and commercial/retail centers through Southern California. During the late 70’s, E.H. BUTLAND CORP. started building specialty restaurants coast-to-coast.

In the 80’s, E.H. BUTLAND CORP. embraced the medical construction industry and completed CT Rooms, R/F Rooms and MRI Rooms in several Southern California Hospitals and Diagnostic Clinics.

By the end of the 80’s, E.H. BUTLAND CORP. had expanded in acute care hospital renovations, hospital additions, outpatient imaging centers, outpatient surgery centers, skilled nursing facilities and specialty laboratories throughout California.

Today E.H. BUTLAND CORP. has become one of California’s foremost general contractors capable of completing a vast array of hospital/medical and commercial projects.

OUR PEOPLE

Successful projects don’t just happen. People make them happen. Our major asset is our highly talented and experienced team.

E.H. BUTLAND CORP. retains project managers with over 20 years of OSHPD experience and field superintendents with over 15 years of OSHPD experience. Each managing partner has been with E.H. BUTLAND CORP. for over 35 years and has worked with OSHPD since its inception. Our entire project team is loyal, dedicated, professional, detail oriented and understands the rigors of working within a medical/hospital environment.

OUR PHILOSOPHY

As President and CEO, Dave Nowaczyk, puts it:

“We are all on the same team working together with Owners, Architects, Engineers and Consultants to reach a common goal. I believe that communication, experience, knowledge and planning are the key elements to a successful project. Having clear goals and honest expectations are the foundation we build on to complete projects safely, on schedule and within budget. I feel the construction business can be rewarding and entertaining when approached in this way. We look forward to working with you and your team.”
